Product:	CPU-S0 and S1 Servers
End of Support Date:	31 st December 2024
Affected Parts/Variants	CPU-S0 / CPU-S1

Declaration

The following notice describes the sunset policy for the CPU-S0 and CPU-S1 servers and the available options for existing customers.

New Orders

Speakerbus is ceasing sales of the CPU-S0 and CPU-S1 servers with immediate effect. All new orders will be supplied with the replacement chassis, the CPU-S2. Alternatively, Speakerbus applications may also be hosted on customer provided virtualization platforms.

Please contact your Speakerbus representatives for alternative solutions.

Ongoing Maintenance

Customers may continue to operate the CPU-S0 and CPU-S1 servers with full Speakerbus maintenance contract support until the End of Support date. Should a CPU-S0 or CPU-S1 server fail in service it may, subject to the failure, be replaced by either a spare CPU-S0 and CPU-S1 servers where stock is still available or with the CPU-S2.

Customers who are using the Speakerbus CADENCE service will be kept evergreen on Speakerbus' latest stable hardware/software/firmware versions, this notice is for information only. If you have any questions, please contact your Speakerbus CADENCE account representative.

Next Steps

Plan to replace CPU-S0 and CPU-S1 servers with CPU-S2 servers or Speakerbus applications may also be hosted on customer provided virtualization platforms. If you have any questions regarding this notice, please contact your Account Manager.

Alternatively, please contact the Speakerbus Operational Team (customer.support@speakerbus.com).
